

# DAN MCCAREY

b. 1980 - Oxford, United Kingdom

## E d u c a t i o n

2005 School of Oriental and African Studies, University of London, B.A.

2001 City of Bath College, Foundation Art & Design

## A r t i s t S t a t e m e n t

Dan McCarey's work is primarily concerned with creating experiential data landscapes. He is interested in creating visual reflections of the datasets that are continually collected around us. McCarey seeks to visually expose the process and results of these collection algorithms so we can interpret and experience them. Though an iterative process of collection, visualization and selection, McCarey seeks to truthfully present patterns and connections in the underlying data.

## B i o

Dan McCarey is a British-American artist currently working in Silver Spring, Maryland. He is the founder of [Maptian](#), a data visualization and mapping studio. McCarey has a degree in International Development and the Study of Religion from the School of Oriental and African Studies at the University of London.
